

INVITATION

OD FOR LIFE GATHERING

May 10 - 13, 2023 in Italy

YOU ARE WARMLY INVITED. This gathering is an opportunity to join – and, for some, to reground – in the emerging OD for Life movement.

In 2021 and 2022, a passionate group of Organisational Development practitioners gathered online and in person to craft a "maniflexo," committing to our essential role in the changes humanity needs to make.

In the spirit of co-creation, shared contribution and emergent learning, we will gather in May of this year to deepen our shared inquiry and find friendship and courage in each other. Held by a nature reserve in Tuscany and lightly guided by a set of principles common to all living systems, together we will craft a practice ground for a more thrivable world.

Logistics

The Oasyhotel and nature reserve are located in the heart of Tuscany and are reachable by train (to Pistoia).

We invite you to join us in exploring some of the key questions at the heart of our movement:

- How do we take a stand as individuals and organisations to act with care for all life on earth?
- What are the acupuncture points we need to touch in the field of OD to enable a new narrative of progress?
- How do we use the core skills of our profession to support ourselves, each other and organisations in becoming a force for good?

We can welcome a maximum of 45 participants. [Click here](#) to let us know you will be joining us.
